

Aditya S

7022585170

Education

M.Sc Physics

Aug 2024 – Present

Ramaiah University of Applied Sciences

CGPA: 6.7 (Sem 1), 6.8 (Sem 2), 8.1 (Sem 3)

Coursework: Classical Mechanics, Quantum Mechanics I & II, Electronics and Devices, Mathematical methods for Physics, Electrodynamics, Statistical Mechanics and Thermodynamics, Solid State Physics, Atomic & Molecular Physics, Nuclear & Particle Physics, Computational and Numerical Techniques, General and Advanced Physics Laboratory

B.Sc (Physics, Mathematics, Electronics)

2017 – 2020

University of Mysore

CGPA: 6.15 *Note: Concurrent part-time employment during early academic years (June 2017 – Feb 2018).*

Research Experience

Dissertation (Ongoing)

Simulation and Performance Study of the Zero Degree Calorimeter for the Electron-Ion Collider

Supervisor: Dr. Tapasi Ghosh, *Ramaiah University of Applied Sciences*

- Simulation and performance analysis of detector systems in high-energy physics
- Exposure to particle detection and collider physics concepts
- Application of computational methods in nuclear and particle physics

Skills

Technical: Python, MATLAB, ROOT, GEANT4

General: Narrate stories through sounds [Music Production], Short Story writer [<https://atomtales.blogspot.com/>]

Research Interests

Nuclear Physics, High Energy Physics, Quantum Chromodynamics, Cosmology, Astrophysics, Relativity, Acoustics, Electrical and Electronics

Professional Experience

Non-Academic Industry experience [2020-2024] across technical support, customer engagement, and media production roles including Concentrix, Glowtouch Technologies, and others.

- Technical troubleshooting (Adobe products, web hosting, domain registrations)
- Strong communication and client-handling skills
- Adaptability across diverse work environments

Discussion

Non-linear academic path shaped by financial constraints and diverse work experience, leading to strong resilience and clarity of research goals.

Conclusion

Aditya S is an emerging physicist with interdisciplinary exposure, a growing research foundation, and strong motivation to pursue advanced research in fundamental physics.
